

Maximum Performance - Optimal Solution

Hydranautics Membranes for All Your Water Treatment Needs

Drinking water treatment

Seawater Desalination

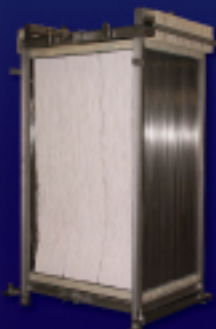

Municipal wastewater treatment

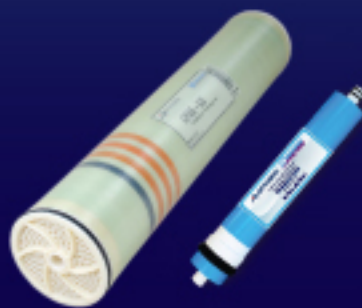

Industrial process water treatment

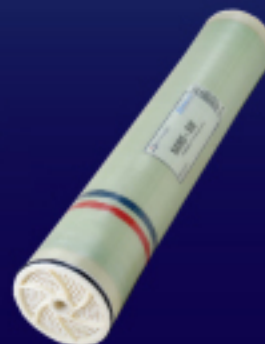

Microfiltration

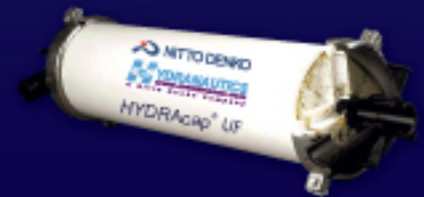

Reverse Osmosis

Nanofiltration

Ultrafiltration

Hydranautics' mission is to be the recognized world leader in the membrane separation industry through innovative technology. Hydranautics' continuing commitment to research and technology results in the ongoing development of a range of specialized membrane products. Our products are currently in use on seven continents for a variety of applications such as potable water, industrial process water, wastewater treatment, surface water treatment, seawater desalination, electronic rinse water, agricultural irrigation and pharmaceuticals.
