**FOR IMMEDIATE RELEASE:**  
**PRESS RELEASE**

Hydranautics/Nitto Denko Welcomes New Management  
*Scott Jackson, Brett Andrews and Brian Meek come onboard.*

Oceanside, CA...Hydranautics/Nitto Denko, the world leader in membrane technology, welcomes three new key members to our management team.

K. Scott Jackson joins Hydranautics as Vice President of Business Operations. He has held senior management roles in the desalination and membrane application industry for more than 24 years, with extensive experience in new and emerging technology companies. Mr. Jackson began his professional career in the U.S. House of Representatives where he served as Senior Legislative Analyst active in a variety of public policy issues

Hydranautics also welcomes Brett Andrews as Vice President of Sales and Marketing - Mr. Andrews has over 18 years of experience in the water treatment chemical field. He previously served as Global Business Manager for Nalco's membrane strategic business unit; Nalco is the largest specialty water treatment chemical company in the world. Mr. Andrews is a graduate of Thames Valley University, UK (Chemistry) and North London University, UK (Polymer Technology.)

Concurrently, Brian Meek has joined Hydranautics as Sales Manager – Great Lakes Region. Mr. Meek is a graduate of Naval Nuclear Power School and holds a Bachelors degree in Nuclear Engineering Technology. He's served in the United States Navy and has supervised the water chemistry program for 2 nuclear power plants, also managing the repair and maintenance of nuclear reactors on deployed submarines. Mr. Meek joins us from MPW Water Management, where he designed, serviced and sold RO and Deionization equipment.

Hydranautics is committed to providing our customers with the best membrane technology and technical, sales and customer service in the industry. Hydranautics is proud to introduce our newest members of our management team; their addition allows Hydranautics to focus on our customers' needs while continuing to grow and expand in the international market place.

Based in Oceanside, California with sales offices throughout the globe, Hydranautics was founded in 1963 and in 1987 became part of the multi-billion dollar Nitto Denko Corporation based in Osaka, Japan. Hydranautics manufactures reverse osmosis, nanofiltration and ultrafiltration membrane products for water treatment applications around the world.

For more information on how Hydranautics can solve your most demanding water problems call today for more information at 1-800-CPA-PURE/760-901-2500 or visit Hydranautics online at [www.membranes.com](http://www.membranes.com).
