## APRIL 2018

NEW PRODUCT LAUNCH

### Hydranautics launches the new CPA7 Series

Hydranautics – A Nitto Group Company is excited to announce the launch of our newest generation of CPA membranes – the CPA7 series.

Ushering in the next generation of membrane technology, the 3 membranes form the CPA7 series – CPA7-LD-4040, CPA7-LD and CPA7 MAX – offer the best combination of high rejection and high flow capability in a brackish water RO element.

Leveraging the key features of enhanced membrane chemistry, innovative spacer design and a patented vented seal carrier; the CPA7 membranes are most useful in industries where high-purity water is critical like power generation, electronics, semiconductor, pharmaceutical and food & beverage.

For more details on the CPA7 series, please call 1-800-CPA-PURE or send an e-mail to [hy-info@nitto.com](mailto:hy-info@nitto.com).

#### About Hydranautics

Hydranautics is a part of the Nitto Group and one of the global leaders in the field of Integrated Membrane Solutions. Hydranautics offers complete membrane solutions like Reverse Osmosis, Nanofiltration, Ultrafiltration, and Microfiltration for Water, Wastewater and Process treatment and applications. Hydranautics membrane based solutions are currently in use on seven continents throughout the world for diverse applications such as Seawater Desalination, Industrial High-Purity Water, Surface Water Treatment, Waste Water Treatment, Specialty Process Applications etc. Our Global Membrane Division is headquartered in Oceanside, CA, USA and we have 3 state-of-the-art manufacturing sites located in Oceanside – USA, Shiga – Japan and Shanghai – China. For further information on Hydranautics kindly visit our website [www.membranes.com](http://www.membranes.com)

#### About Nitto

Nitto is Japan's leading diversified materials manufacturer. Founded in 1918, Nitto's strength is the ability to add diverse functionality to sheets, films and other materials using core technologies such as polymer synthesis, adhesion and coating technologies. The group offers over 13,000 high value specialty products worldwide including optical films for liquid crystal displays, automotive materials, reverse osmosis membranes for desalination and transdermal drug delivery patches. For further information on Nitto kindly visit our website [www.nitto.com](http://www.nitto.com)
