

PRESS RELEASE JUNE 2018

INDUSTRY EVENT / TRADESHOW

Hydranautics at Membrane Technology Forum 2018

The Membrane Technology Forum is the premier event in the commercial membrane and membrane technology sector.

Hydranautics – A Nitto Group Company, will be participating in the forum at Marriott City Center, Minneapolis on 5 and 6 June, 2018. Visit us at **Table no. 203** to network, exchange ideas and expand your knowledge of the current and emerging membrane technologies.

Do not miss our presentation on Novel Food Processing Applications for Spiral-Wound Membranes on Tuesday, 5th June at 13:35 CDT.

For more information on Hydranautics, please call us on 1-800-CPA-PURE, visit membranes.com or send an e-mail to hy-info@nitto.com.

About Hydranautics

Hydranautics is a part of the Nitto Group and one of the global leaders in the field of Integrated Membrane Solutions. Hydranautics offers complete membrane solutions like Reverse Osmosis, Nanofiltration, Ultrafiltration, and Microfiltration for Water, Wastewater and Process treatment and applications. Hydranautics membrane based solutions are currently in use on seven continents throughout the world for diverse applications such as Seawater Desalination, Industrial High-Purity Water, Surface Water Treatment, Waste Water Treatment, Specialty Process Applications etc. Our Global Membrane Division is headquartered in Oceanside, CA, USA and we have 3 state-of-the-art manufacturing sites located in Oceanside – USA, Shiga – Japan and Shanghai – China. For further information on Hydranautics kindly visit our website www.membranes.com

About Nitto

Nitto is Japan's leading diversified materials manufacturer. Founded in 1918, Nitto's strength is the ability to add diverse functionality to sheets, films and other materials using core technologies such as polymer synthesis, adhesion and coating technologies. The group offers over 13,000 high value specialty products worldwide including optical films for liquid crystal displays, automotive materials, reverse osmosis membranes for desalination and transdermal drug delivery patches. For further information on Nitto kindly visit our website www.nitto.com
