

PRESS RELEASE – FOR IMMEDIATE RELEASE

Hydranautics Price Change Notification

Hydranautics – A Nitto Group company, will be implementing a price increase of seven percent (7%) on all Hydranautics RO/NF membrane products and solutions from 1st April 2022 or as local regulations and contracts allow. Based on the ongoing volatility and challenging economic situation due to the global pandemic, we have experienced increases in raw materials, labor, transportation, and logistics costs. Hydranautics has absorbed these cost increases to date, however now a price increase is necessary to maintain our current levels of quality and services to our customers.

Our Regional Account Managers will reach out to our customers with revised price list for all new and existing orders that will be shipped after 1st April 2022.

If you have any questions, please contact your Regional Account Manager.

ABOUT HYDRANAUTICS

Hydranautics is a part of the Nitto Group and one of the global leaders in the field of Integrated Membrane Solutions. Hydranautics offers complete membrane solutions like Reverse Osmosis, Nanofiltration, Ultrafiltration, and Microfiltration for Water, Wastewater and Process treatment and applications. Hydranautics membrane-based solutions are currently in use on seven continents throughout the world for diverse applications such as Seawater Desalination, Industrial High-Purity Water, Surface Water Treatment, Wastewater Treatment, Specialty Process Applications etc. Our Global Membrane Division is headquartered in Oceanside, CA, USA, and we have 3 state-of-the-art manufacturing sites located in Oceanside – USA, Shiga – Japan and Shanghai – China.
